

Partner name: Ss. Cyril and Methodius University - Skopje
Partner number: P 5

WP 1 Management

- Co-ordination of all project activities for P5 UKIM,
- financial management for P5,
- preparing the intermediate report for P5.

Partner name: Ss. Cyril and Methodius University - Skopje
Partner number: P 5

WP 4 Development of job-specific training modules

- Development of ppt presentation of course **“Semiconductor Device Modelling”**
- Development of ppt presentation of course **“Micro and nano sensors and actuators**
- Preparation the book **“NANO and MICRO ELECTRONICS APPLICATIONS**” together with TUS, book is almost ready for printing, It will be for both courses

Partner name: Ss. Cyril and Methodius University - Skopje
Partner number: P 5

WP 5 Development of the mClouds system

- Created a new FEIT-cloud with public address for access
- <https://194.149.144.229:6443/client/> - converted from http to https
- Added other regions from the mCloud
- A new VM was tested with Ubuntu 14.04 and octave
- Created a web portal for e-learning: <http://meca-courses.feit.ukim.edu.mk/>
which is based on moodle 2.9

Partner name: Ss. Cyril and Methodius University - Skopje
Partner number: P 5

WP 9 Dissemination

- Distributed MECA Leaflet (Macedonian and English form) on next Conferences
 - *IEEE EUROCON 2017, Ohrid,*
 - *IEEE ICCA 2017, Ohrid Macedonia,*
 - *20th IFAC 2017 Congress, Toulouse, France;*
 - *ROBOMAC, Students Robotic International Conference, Skopje Macedonia*
- Apply paper on EDUCON 2018 **“Learning Micro- and Nano-electronics with open educational resources in the cloud”**

Partner name: Ss. Cyril and Methodius University - Skopje
Partner number: P 5

Forecast/plans for 2018 :

NANO and MICRO ELECTRONICS APPLICATIONS

A novel application oriented textbook for
students in Nano and Micro electronics

Finished the book

1. Translate courses slides in English
2. Prepare video presentation of both courses
3. Continue contacts with companies for their involving in our activities
4. Pilot test of the courses
